Community Whitepaper

THE LAUNCH OF BOARD MEMBERS

Cronos successfully fullfiled the roadmap of launching Pre-sale open source code. Now it is in the hands of Cronos community to further improve and adapt to the Crypto uncharted territory. Board members are launched as per fulfillment of Cronos Q1 roadmap.

Quarter 1 | 19

- Exchange listing
- Open source release of the first software version (as used in our own presale phase)
- Support for other coin projects to implement the presale solution
- Community building, Marketing, Bounties, Airdrops...

Quarter 2 | 19 - open end

- Further incentive program improvements
- Presale mobile app
- Further improvements/adaptions for the platform (since the whole project will be open sourced and should be community driven)
